

NORTH TONAWANDA

Botanical

Garden

ORGANIZATION

What?

Native Plant Discussion

Where?

North Tonawanda Botanical Garden greenhouse

1825 Sweeney St

When?

May 23rd, 2024 @ 6-7pm

Join members of the North Tonawanda Botanical Garden Organization to discuss the importance of developing and preserving native pollinator habitat.

Learn about:

- The different pollinators local to North Tonawanda.
- What is a host plant?
- What is a nativar?

What can you do?

- Join the NTBGO in protecting and developing native habitat.
- Start a native plant habitat in your own yard.

The **Native Plant Collaborative of WNY** will join us at 6:45pm to meet with NTBGO. All are welcome to attend.
